THE RIVAL LUVERS.

My father was a Bowery store keeper, pretty well to do; he employed twe elerks; they lived with us, in the stone huilding.

Our two young men were named James Scott and Henry Schooleraft. Father took a great deal of pride in them both, because a great deal of pride in them both, because they had come to him when they were very young, and he taught their all they had come to him when they were very young, and he taught their all their was a long tent to James Scott.

I was not, I promised my father, to him to James that Henry had said saght constant library. Henry denied nething, and I don't think he was bad hearted, either; he outset he ng mainly between the two first-named. In Louisians, the outest is between Harris, the incumbent, and Gov. Wermoth. In Maine that he also suspected James Scott.

It was now poor Henry's turn, too, as the land a great deal of principal eandidates are Morrill, the was been poor James', to go away and when young Hanson went away. How hen young Hanson went awa

" GEORGE B. AGER, Soc'y. Organized as the Exponent of the Non-Forfeiture Law of Massachuseus. Il was the first Company to proclaim the benefits of this Statute to the public; the first to make all its policies subject to this Stanne, and which had "the honor of the first practical compiliance with the

itatute."

The application of this law is se follows: if a perou aged 35 should take out a life policy, and fall to
nake payment at any lime after one smust cash
ayment had been made, the policy would be coninued in force for the original amount, from date ni
trees as follows: continues Policy I year and 3 days.

This just suit equitable law shields the assured, an those dependent upon him, from a misfortune to which all are liable. It is reculiar to Massachusachia, the companies of other States do not offer the same or equivalent accuraty. acitis, lee composite of care states are represented by the contribution of the profits are divided among the Policy holders. Dividenda paid annually on the Contribution Plan, commencing one year from date of the policy, and may be made as clash in poyment of permitting or to purchase additions to policy. All its Folicies are Non-Forfeitable after One Bayment, or entitled to leid-up Policy. By reference to the Report of the Insurance Commissioner of Massachuseits, it will be seen that this Company is not surpassed by any other in the United States, as to security to Policy-holders.

Farm, Garden and Household. BURNS AND SCALDS.—Dr. Ferguson gives the following recipe which he has tested in the severest cases of burning

and scalding from railroad and steamboat accidents with invariable success Glycerine, five onness; white of egg, four onness; tincture of arnica, three onness. Mix the glycerine and white of ounces. Mix the givecrine and white of egg thoroughly in a mortar, and gradually add the arnica. Apply freely nulinen rags, night and morning, washing previously with warm castile soupsuds. SEVERAL ROOT-CROPS ON SAME FIELD.

-Mr. Wilson wrote to the Farmer's Club, giving the result of his experience in blending root-crops together in the same field—say, for instance, carrots, sugar-beets, and rutabagas, in alternate rows. He thinks be thus gained from 10 to 15 per cent over the yield of the same roots planted separately. "My same roots planted separately. "My theory is that in a given quantity of soil plants hlended you can extract more of those elements, and thus get a greater aggregate result than with either plant separately. I do not, however, fully rely on my first experiment, as it was on a rather limited scale. I therefore method to repeat it another season over a large dinner party the other evening in New York. there is a certain amount and variety of nutritive elements, and that with several a rather limited scate. I therefore intend to repeat it another season over a larger surface, noting the result carefully, and if it should be worth reporting, will communicate it to your Chib—for I hold it to be a duty to recipro-
